Why choose this product

- TotalChill technology means there are no hot spots so all bottles and kegs are cooled equally and customers are consistently served cold drinks
- The E3's powerful refrigeration system means you can fill it up and drinks are at the right temperature for the next shift
- Temperature range is adjustable from +2°C to +18°C giving you the flexibility to store white wines, red wines, beers and ciders
- With fantastic energy efficiency and R600a refrigerant as standard, the E3 is the ideal environmentally friendly choice
- Superior storage capacity makes bottling up more efficient for bar staff and allows faster service
- Why not add drawers? A sleek addition which can make the bar layout easier for staff to use
